If possible, use the old Rhodes piano type of sound with slight detuning and/or distortion. Do not use the sustain pedal!

TR-808 type drums are required for this piece. The nomenclature is, from top to bottom:

- Open hi-hat
- Closed hi-hat
- Snare
- Kick

The canon may be repeated more than once. Dynamics for both parts reasonably free, and different on repeat(s). If you like, you can improvise a brief ending after the last repeat.
